

Front canopy opens to place Action Figure into cockpit.

There is a seat for R2-D2™ or R5-D4™ Action Figures.

If the canopy comes out during play, push it back into position one corner at a time, as shown.

If Engine Pods come apart during play reassemble as shown.

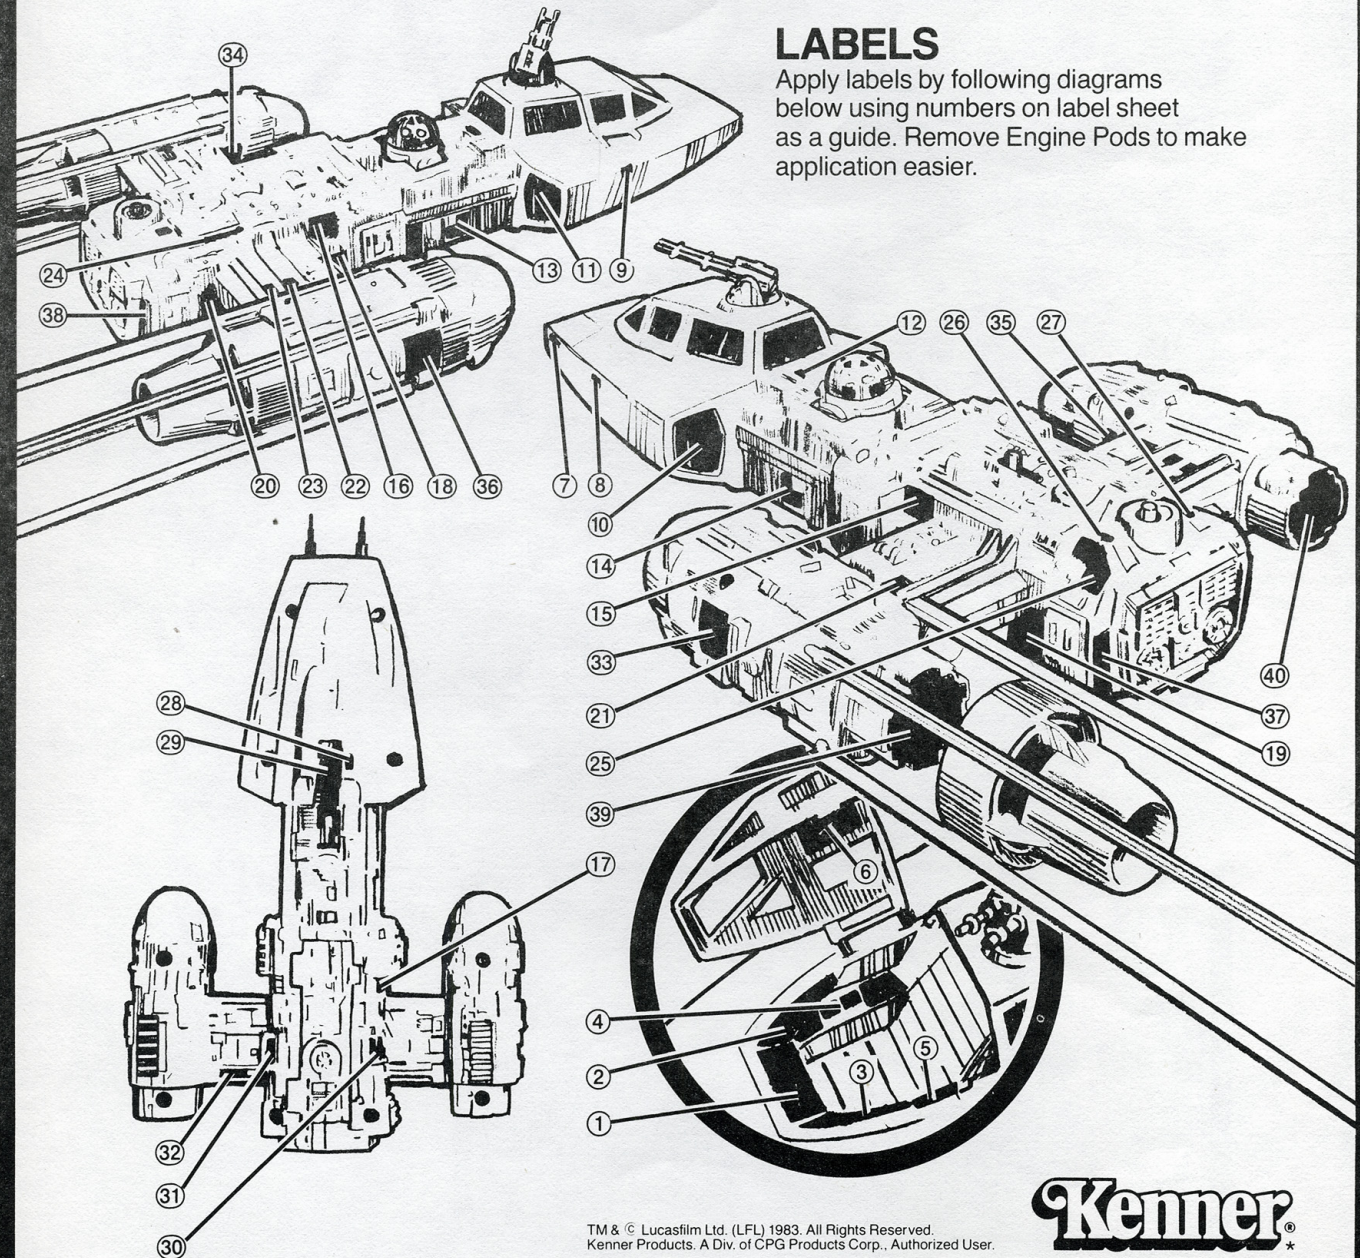

No. 039703700

# STAR WARS RETURN OF THE JEDI™

## Y-WING™ VEHICLE

### LABELS

Apply labels by following diagrams below using numbers on label sheet as a guide. Remove Engine Pods to make application easier.

## CANNON ASSEMBLY

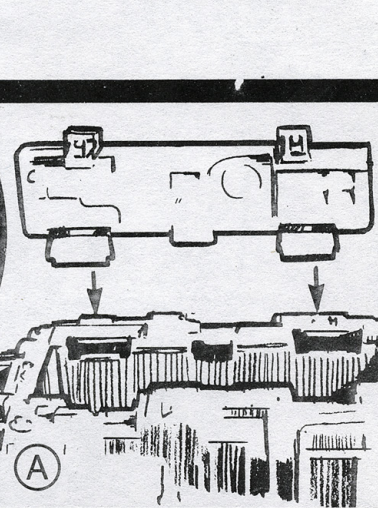

Press front cannons in place as shown.

Insert side tabs of top cannons into turret holes, with a twisting motion as shown. Press top cannon assembly into place on top of vehicle. Cannons move up and down manually.

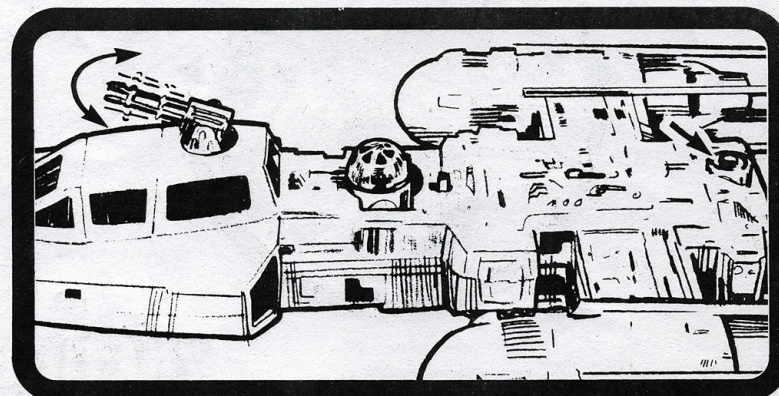

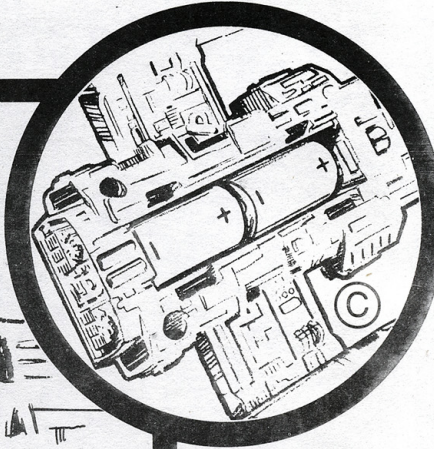

## BATTERIES

To assemble battery cover, press back hinges into position as shown. (A) Close cover to allow the two tabs to secure the door. The

cover can be reopened for battery placement, by pressing on both tabs at once and lifting. (B) Insert two "C" batteries in positions shown. (C)

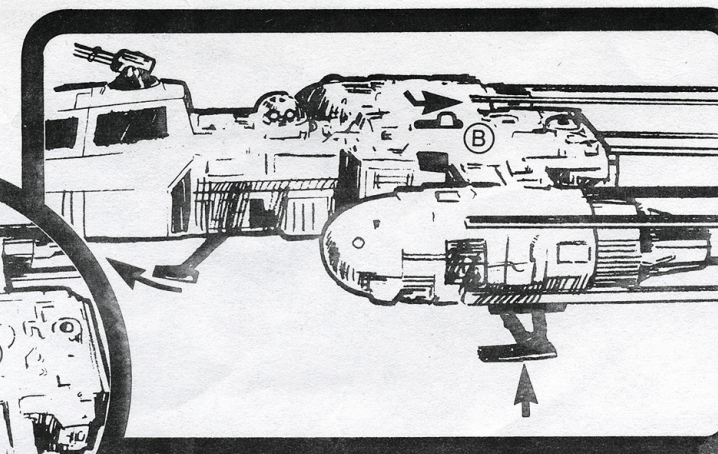

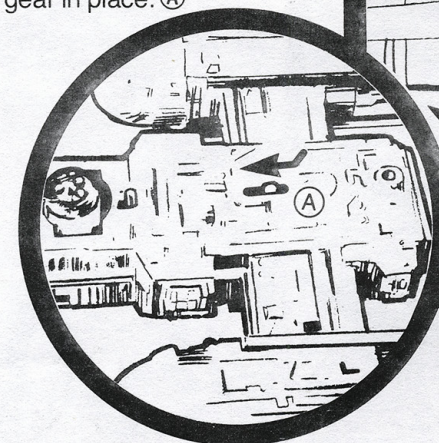

## CANNON OPERATION

Activate top cannon turret motion and sound by pressing rear dark gray button.

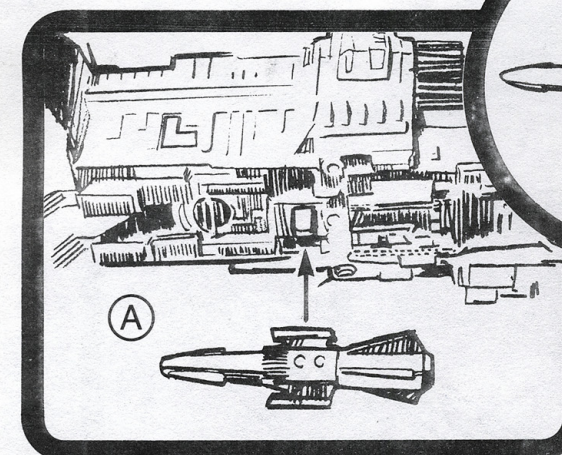

Cannon can be aimed manually.

## LANDING GEAR

Press light gray button down and forward to lower and lock landing gear in place. (A)

To retract landing gear, push light gray button down and backward. (B)

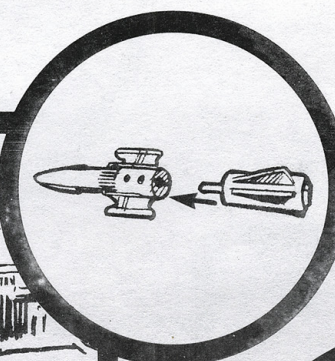

## BOMB RACK

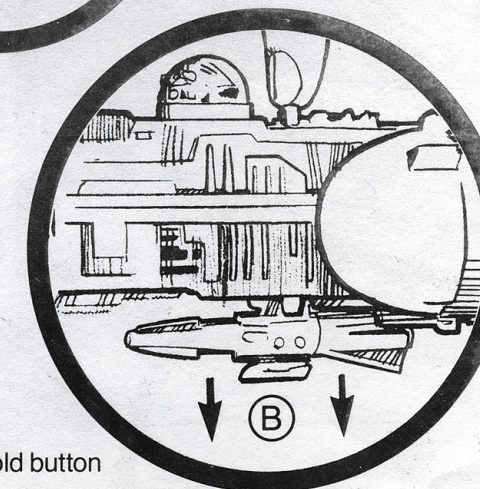

Bomb fits into gold clamp on bottom of Y-WING. Depress gold button slightly.

Push bomb down into clamp as shown. (A)

To drop bomb push on gold button on top of Y-WING. (B)

If your bomb comes apart simply reassemble as shown.
