LAND OF THE JAWAS™ ACTION PLAY SET

Recreate the adventures of R2-D2, C-3PO and the JAWAS on LUKE SKYWALKER'S home planet . . . TATOOINE. Includes simulated escape landing pod which holds two figures, simulated sand dune base with boulders and cave for hiding plus detachable SANDCRAWLER back drop. Action lever allows JAWAS to capture R2-D2 or knock over other STAR WARS Action Figures in mock battle. Manual elevator lifts action figures into SANDCRAWLER. Both pieces stand alone. Action Figures not included. Assembly required.

MILLENNIUM FALCON™ SPACESHIP

Detailed replica of the speedy space vehicle piloted by HAN SOLO and CHEWBACCA. Push-button activates exciting "Battle Alert" sound when enemy TIE FIGHTERS are near. Cockpit canopy flips open to seat two Action Figures. Radar disk swivels manually, bottom has retractable landing skids, and entrance ramp folds up. Deck panel lifts off for interior play environment and Action Figure fits in gun turret chair. Gun "clicks" and chair turns when you spin the gun. Secret floor panel lifts up to reveal hiding compartments for rebels. Simulated game table lets you imagine CHEWIE and C-3PO playing "Space Chess". BEN KENOBI can give LUKE SKYWALKER LIGHT SABER lessons with the hanging "remote FORCE ball". Batteries and figures not included. Assembly required.

DEATH STAR™ SPACE STATION

Help LUKE™, BEN™, CHEWBACCA™ and HAN SOLO™ Rescue PRINCESS LEIA™ from DARTH VADER™!

Exciting play environment simulates DEATH STAR SPACE STATION. Manual elevator takes STAR WARS figures to 4 floors. TOP FLOOR — Swiveling Laser Cannon explodes from housing when "hit." THIRD FLOOR — Manually operated "light bridge" with escape rope. SECOND FLOOR — Control area and escape hatch to trash compactor. FIRST FLOOR — Trash Compactor with removable foam garbage. STAR WARS Action Figures not included. Ages 5 and up. Assembly required.

NEW! IMPERIAL TROOP TRANSPORTER™

A thrill-packed working replica of the Imperial STORMTROOPERS "HOVERCRAFT" VEHICLE accommodates up to 11 STAR WARS Action Figures. With six original sounds from STAR WARS including C-3PO, R2-D2 and STORMTROOPER plus others to relive exciting events from the movie. Each sound activated by its own button. Front hatch opens to control area with seats for two STORMTROOPERS. Manual rotating laser gun and swiveling radar disk. Six side compartments hold captured rebel prisoners. Opening rear "DROID Prisoner" compartment. STAR WARS Action Figures not included. Batteries not included. Assembly required.

PATROL DEWBACK™

Real-looking, Patrol Lizard ridden by the STORMTROOPERS Searching for C-3PO and R2-D2. PATROL DEWBACK features moveable legs for exciting action poses. Move his tail left and right to turn his head! The STORMTROOPER as well as other action figures fit into saddle through trap door in lizard's back. Saddle and reins are removable for added play! Action Figures not included.

CREATURE CANTINA™

Recreate exciting action from the weird cantina scene. Find adventure by pushing the floor button to swing open the Cantina door so the STORMTROOPER can enter. Move the action lever and BEN KENOBI defends LUKE SKYWALKER against SNAGGLETTOOTH. Move another action lever and HAN SOLO knocks over GREEDO in mock battle. Use the foot pegs around the bar to pose your Action Figures. Action Figures not included. Assembly required.

DROID FACTORY™

BUILD R2-D2 AND HUNDREDS OF OTHER DROIDS. With 31 interchangeable parts, you can build 5 different robots at a time, like an R2-D2 with 3 legs or a 4-wheeled DROID that rolls! Moveable crane snaps onto platform and carries parts. Foot-pegs enable JAWA Action Figures to "supervise" production throughout the factory. Specially designed ramp "rolls out the DROIDS" from assembly line. Action Figures not included. Some assembly required.

DARTH VADER TIE FIGHTER!™

Used by the Empire's Invincible Lord. The DARTH VADER TIE FIGHTER is painted an evil grey. The distinctively curved Solar Panels "pop off" at the push of a button to simulate "Battle Damage." A remote lever raises the cockpit seat through the top hatch. Cockpit can hold any of the 12 original Action Figures. For added play excitement, a dramatic red laser cannon lights up and emits a "whining" laser sound when the rear deck button is pushed. Two "AA" batteries not included.

X-WING FIGHTER™

LUKE SKYWALKER'S™ X-WING FIGHTER™ Destroyer of DEATH STAR™!

Dramatic reproduction of STAR WARS X-WING rebel spacecraft simulates all the action! Wings open to "X" position by pushing down on simulated R2-D2 behind cockpit and 2nd button returns wings to original flight position. Cockpit flips open to seat LUKE SKYWALKER or other STAR WARS Action Figures. Front landing skid locks up in place during flight, and for real excitement 3rd rear deck button operates laser sound and flashing laser cannon in spacecraft nose. Two "AA" batteries and action figures not included.

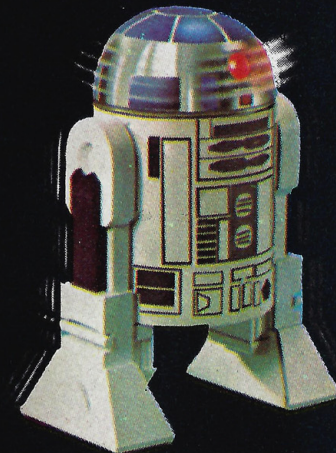

IMPERIAL TIE FIGHTER™

The STAR WARS™ IMPERIAL TIE FIGHTER™ Ready to do Battle with the Rebel Alliance! Authentically detailed TIE FIGHTER has two large "Solar Panels" on either side of a spherical cockpit. Special buttons release panels to simulate "Battle Damage" action. Hand operated lever raises seat and escape hatch to allow child to seat DARTH VADER or other STAR WARS figures. For added play excitement, a dramatic red laser cannon lights up and emits a "whining" laser sound when rear deck button is pushed. Two "AA" batteries and Action Figure not included.

LAND SPEEDER™

LUKE SKYWALKER'S™ Exciting LAND SPEEDER™ Vehicle!

Authentic replica of STAR WARS LAND SPEEDER has special suspension which shifts from a non-moving position to a "floating ride" on spring loaded wheels. Two cockpit seats can carry Action Figures in front behind a half-moon, clear windshield, and two spaces on rear deck can carry R2-D2 and C-3PO or other Action Figures. Special release button pops hood open revealing TURBO REACTOR and "space hatch" for storage and supplies. Action Figures not included.

NEW! STAR WARS™ RADIO CONTROLLED JAWA™ SANDCRAWLER™

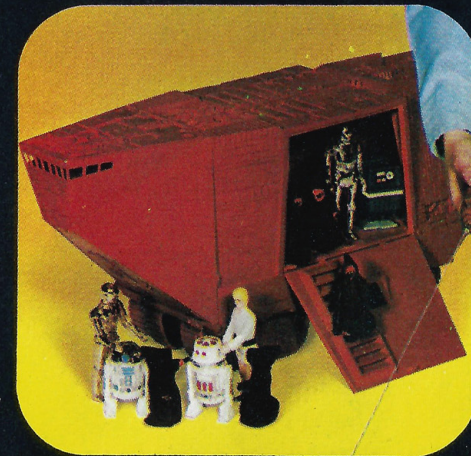

Help the scavenger JAWAS™ transport their DROIDS™ using Radio Control!

A genuine working replica of the tank-like SANDCRAWLER vehicle used by the JAWAS on the TATOONINE desert. Vehicle excitingly recreates the episodes of the unusual JAWAS. 16" long — controlled by 2-channel wireless radio that operates up to 20 feet away. 3 working wheels permit SANDCRAWLER to move in almost any direction. Roof hatch opens, revealing simulated "control" area and foot-pegs for several JAWAS. Side panel opens down and becomes step ramp into interior. Room inside for transporting DROIDS R2-D2, C-3PO, R5-D4 or any STAR WARS Action Figure. Manual elevator in underside lifts R2-D2 or other figures inside SANDCRAWLER. STAR WARS Action Figures not included. Batteries not included.

RADIO-CONTROLLED R2-D2™

Send R2-D2™ on Exciting STAR WARS™ Missions Using Wireless Radio Control!

Working model of R2-D2 is authentically styled after its STAR WARS counterpart . . . He stands 8" high . . . Controlled by 2-channel radio that operates up to 20 feet away . . . Special Stop/Start Button controls the movement . . . R2-D2 moves in 4 directions: front, right, reverse, left . . . Whichever way his brightly lit red "eye" points. His chrome plated head makes a "beeping" sound as it rotates . . . Totally wireless. Perfect for hours of exciting STAR WARS action play. RADARC™ MUSCLE CONTROL MACHINE

You don't move or say a word — nor press any button or move any lever — yet, RADARC obeys your invisible commands! Your friends will watch astounded as you seem to, by thought alone, control this amazing space-age machine! How do you do it? How do you make RADARC obey, move forward, backward, stop at your command? Only you will know and here's the secret: strapped to your arm muscle and hidden under your shirt sleeve is the amazing Body Energy Transmitter (BET) — simply by flexing, your muscle gives off electrical impulses, the BET picks up these impulses and radio transmits them to RADARC — this makes RADARC obey your commands. Uses two "D" and two 9-volt batteries (none included). Ages 6 and up.

Part No. 428-063

BUTCH & SUNDANCE: THE EARLY DAYS ACTION FIGURES™ AND HORSES

Lead the posse to the WILD BUNCH.

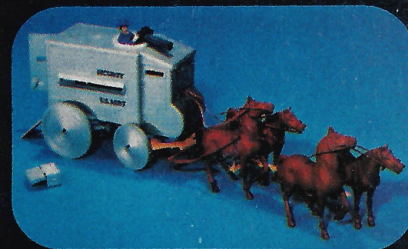

Head them off at the pass with five authentically detailed and costumed figures from the new movie Butch and Sundance: The Early Days. Included are: BUTCH CASSIDY, THE SUNDANCE KID, O.C. HANKS, MARSHALL LE FORS and SHERIFF BLEDSOE.

All figures are 3¾" tall and articulated at the shoulders, hips and knees.

Each figure has a special button-activated quick-draw feature, and comes with revolver.

There are also two horses, BLUFF and SPURS, each with a special galloping feature, which includes an authentic running sound.

Horses come with removeable saddle, bridle, and rifle. Ages 5 and up.

BUTCH & SUNDANCE: THE EARLY DAYS MINT WAGON

Authentic U.S. Cavalry detailing.

It's a gun thunderin' fort on wheels, wild as the west it came from and armed to the hilt for action.

Scaled to the 3¾" BUTCH/SUNDANCE Action Figures, the Mint Wagon is drawn by four horses and includes the following features: a Gatling gunner with a rotating Gatling gun, and a rifleman who can fire from all four sides of the wagon. Both can be removed and stationed outside the wagon, too! Also included are two gold chests, and a wagon ramp. "Secret" break-away yoke assembly allows for runaway horses fun. Ages 5 and up. Assembly required.
